CAPTURING A LEGEND

SCARBEE RICKENBACKER® BASS captures the unmistakable sound of a Rickenbacker® 4003 for the first time in software. Delivering meaty, low end thunder and the crisp, defined midrange that has shaped rock and pop history, RICKENBACKER® BASS is the first software instrument to be officially approved by [Rickenbacker®](#).

Painstakingly sampled by Thomas Skarbye, ideal for distortion, and the first SCARBEE bass to be played with a pick, RICKENBACKER® BASS delivers all the character and versatility of the original in an ultra-flexible, completely authentic KONTAKT instrument.
